EXPLORE The EXHIBITION

You Go Girl! Celebrating Women Artists

Through April 3, 2016

Be a **D**etail Detective...

A **detail** is a small part, or section, of a work of art. Looking for details helps us to learn how to look more carefully at artwork and the world around us.

Can you find the work of art each detail belongs to? Write the name of the **artist** and **title** next to each image.

Explore REFLECTION

line of reflection

Reflection is a type of **symmetry**, or balance, in which images **reflect**, or flip to create a mirror image, on either side of a **line of reflection**.

Create your own design using **reflection** below.

When you look in a mirror, what do you see?

Where else can you see your reflection?

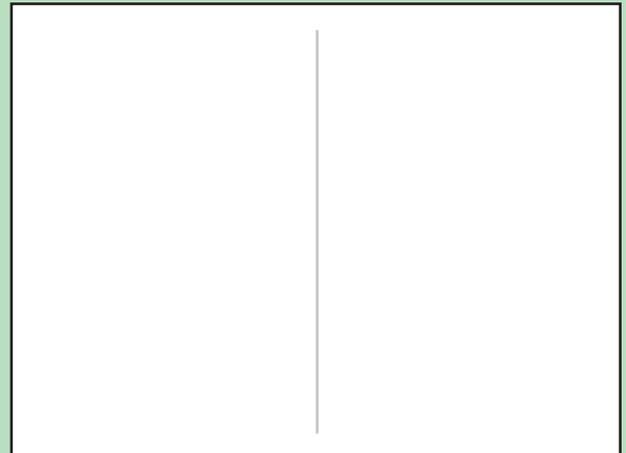

See if you can find these examples of reflection in *You Go Girl!*

I found it! **A red barn reflecting in water**

I found it! **The sky reflecting in this shape:**

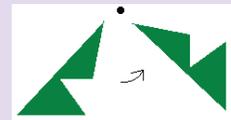

I found it! **A mirror reflecting apples**

Rotation fun!

Rotation is a type of **symmetry**, or balance, in which images **spin around a point**.

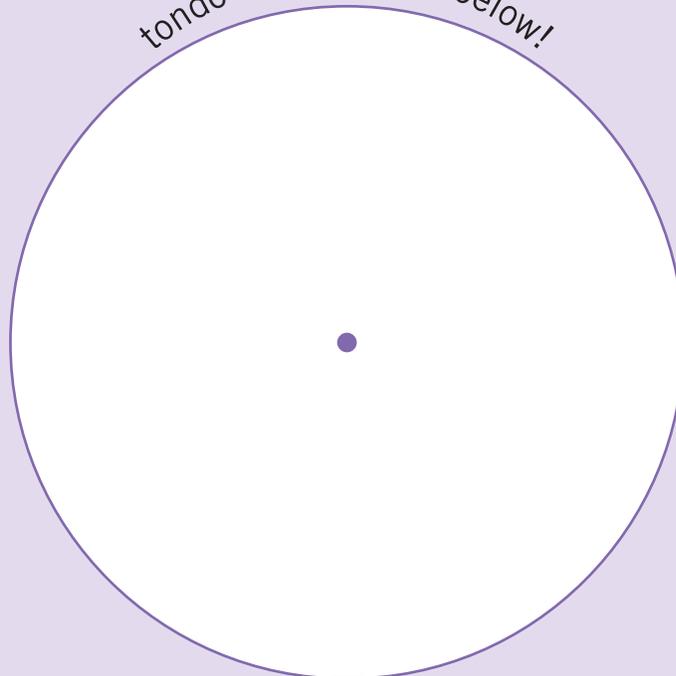

Find the work of art below in *You Go Girl!* Where do you see **rotation** in this painting? Where is the point that the designs are rotating around?

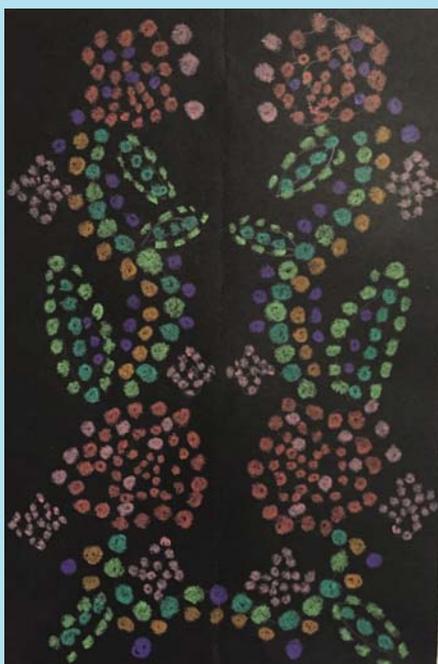

Dee Shapiro, *Isla Ninos*, 1981, Acrylic on canvas.
Gift of Drs. Constance and Lee Koppelman.

CREATE YOUR OWN
tondo with rotation below!

DID YOU KNOW?

A **tondo** is a work of art in the shape of a circle.
